1. SAGE System Requirements

The New Jersey New Jersey State Council on the Arts (NJSCA) SAGE system is designed for use by the vast majority of computer users with little or no changes to the computer environment. The requirements that are mentioned below are common computer elements that should be present on most machines.

1.a. Operating System

NJSCA SAGE is designed for both of the two more common computer operating systems - Windows and Macintosh. It has not been tested and is not supported on other operating systems such as Linux and Unix. Users accessing SAGE from a Macintosh environment are required to have MacOS 7.5 or higher. Windows users are required to have an operating system that is Windows XP or higher.

1.b. Internet Connection

SAGE is a web site designed for access via the Internet. For purpose of accessing SAGE, minimum connection is by modem. For those using a modem, recommended connection speed is at least 33.6 kbps (kilobits per second). Internet connections “faster” than modem, i.e., cable, DSL, T1, wireless improve speed at which the system operates. In an office environment, there may already be an Internet connection, but if unsure, contact the network administrator.

1.c. Web Browser

This system was designed to be compatible with common up-to-date web browsers including Internet Explorer 7 and above, Firefox, Safari, and Opera.

1.d. Adobe Acrobat Reader

Adobe Acrobat Reader is used to view PDF (Portable Document Format) documents. The SAGE system automatically generates Grant documents in PDF format using information that is saved into various narrative and budget pages. Using Adobe Acrobat Reader can view, print, or save PDF documents. Adobe Acrobat Reader can be downloaded at www.adobe.com.

2. Applicant User Types

There are three types of applicant security roles:

- Authorized Official
- Agency Administrator
- Agency Staff

These roles have different security levels needed to access Applications/Grants, Final Reports, Interim Reports, etc. Once an Authorized Official is identified and a new user account is created, the Authorized Official can select and enter the organization's staff member names into SAGE. Staff members, assigned by an Authorized Official are given any of the 3 applicant security roles, while staff members assigned by an Agency Administrator are given either the role of Agency Administrator or Agency staff. The three security roles are summarized below:

2.a. Authorized Official

- Creates new user account (NJSCA will then validate this user)
- Adds new users to SAGE and assigns organization staff to Authorized Official, Agency Administrator or Agency staff security roles
- Edits and/or deletes user account information
- Views, applies for, and submits Grant Applications
- Enters, updates, and deletes information on Applications, Grants, Interim Reports, and Final Reports
- Downloads and attaches files to Applications, Grants, Interim Reports, and Final Reports
- Cancels Applications, Grants, Interim Reports, and/or Final Reports
- Modifies Applications, Grants, Interim Reports, and/or Final Reports with status of "Modifications Required"
- Checks status of Applications, Grants, Interim Reports, and/or Final Reports

2.b. Agency Administrator

- Adds new users to SAGE and assigns organization staff to Agency staff or Agency Administrator security roles
- Edits and/or deletes user account information
- Views, applies for, and submits Grant Applications
- Enters, updates, and deletes information on Applications, Grants, Interim Reports, and Final Reports
- Downloads and attaches files to Applications, Grants, Interim Reports, and Final Reports
- Cancels Applications, Grants, Interim Reports, and/or Final Reports

- Modifies Applications, Grants, Interim Reports, and/or Final Reports with status of “Modifications Required”
- Checks status of Applications, Grants, Interim Reports, and/or Final Reports

2.c. Agency Staff

- Edits user account information, and
- When permission is Granted by the Authorized Official or Agency Administrator:
 - o Enters, updates, and deletes information on Applications, Grants, Interim Reports, and/or Final Reports
 - o Downloads and attaches files to Applications, Grants, Interim Reports, and/or Final Reports
 - o Modifies Applications, Grants, Interim Reports, and/or Final Reports with status of “Modifications Required”
 - o Checks status of Applications, Grants, Interim Reports, and/or Final Reports

3. System Access

There are two ways to access SAGE:

1. Request access to SAGE via the SAGE Login page and get approved by a NJSCA SAGE system administrator
or
2. When an organization already has an SAGE account, obtain access from the organization's Authorized Official or Agency Administrator. This is the preferred way to access SAGE – it is quick and provides greater security for the organization's records.

3.a. Authorized Official Access

To gain access to SAGE as an Authorized Official, first create a new user account.

From the SAGE Home page select “New User?” located in the Login section.

1. Fill in the Contact Information as required. All items marked with an * are required
 - a. The “Username” field can consist of letters and/or numbers and must be between 5 and 20 characters long
 - b. The “Password” field can consist of letters and numbers and must be between 7-20 characters
 - c. The fields “Password” and “Confirm Password” must match
2. Save

After saving the new user information, the account will be validated by a NJSCA SAGE system administrator. If attempting to access the system before validation, the following message will appear:

When access has been granted, an e-mail confirming the account has been validated will be received. If the account is set up as an Authorized Official or Agency Administrator, the user will now be able to create additional Applicant user accounts for the organization.

Note: Applicant users are not able to access documents created *prior* to the date they are activated/assigned to an organization. For access to documents dated before a user's activation date, an Authorized Official or Agency Administrator must assign the user to each individual document using the “Add/Edit People” tool located within each document. On the

document's main menu, under "Access Management Tools," "View Management Tools," select "Add/Edit People."

3.b. Agency Administrator and Agency Staff Access

The preferred method for gaining access to SAGE is to have the organization's Authorized Official or Agency Administrator add new users to the system. If an organization does not have an Authorized Official or Agency Administrator, then someone should be designated as such and this person will be validated as shown in user guide section 3.a. Authorized Official Access.

To add an Agency Administrator or Agency staff person to an organization:

1. Select "Organization(s)"
2. Select "Organization Members"
3. Select "Add Members."

4. Login Page

4.a. Accessing SAGE

To access SAGE, enter sage.nj.gov into the address bar of a web browser. The page looks like the image below.

Note: SAGE does not save the username and password. This option *may* be available on the web browser.

The screenshot shows the SAGE login page. At the top left is the State of New Jersey logo and the text "STATE OF NEW JERSEY SAGE System for Administering Grants Electronically". Below this are two buttons: "System Login" and "Portal Home". The main heading reads "Welcome to the State of New Jersey System for Administering Grants Electronically (SAGE)". Below the heading is a paragraph explaining that the system requires authorization and that new users should click the "New User" link. A red note states: "NOTE: Counties and municipalities are already established SAGE user agencies. New user access is established by your agency's officials in DCA SAGE." On the right side, there is a login box with fields for "Username" and "Password", a "LOGIN" button, and links for "New User?" and "Forgot Password?". At the bottom left, there is a "Helpful Links" box containing four links: "SAGE Help Desk and Support Services", "Search programs available through SAGE", "Request Access to SAGE", and "Reset Your Password". The footer includes "Powered by IntelliGrants™" and "© Copyright 2000-2010 Agate Software, Inc."

4.b. Bookmark/Favorites

SAGE may be bookmarked, or added, to the favorites menu

After accessing the SAGE Login page, on the Internet Explorer (IE) menu bar:

1. Select "Favorites"
2. Select "Add to Favorites"
3. Rename the site, if desired
4. Select "Add"

4.c. Adding SAGE to List of Trusted Sites

To avoid various browser-related restrictions unnecessarily placed on SAGE, make the following changes to the web browser.

If using Internet Explorer, we recommend adding the NJSCA SAGE Home page to the list of trusted sites as follows:

1. Select "Tools"
2. Select "Internet Options"
3. Select "Security"
4. Select "Trusted sites"
5. Select "Sites"
6. In "Add this website to the zone:" enter:
<https://enterprisegrantapps.state.nj.us/NJSAGE/>
7. Select "Add"
8. Select "Close" and then "OK"

5. User Contact Information

5.a. Updating User Profile

It is important to keep contact information up-to-date. This may be done quickly and easily in SAGE.

By keeping records current, NJSCA staff is able to easily contact users when a need arises. This is especially important for timely messaging. When system messages are sent from SAGE, they are sent to the e-mail address in the user profile. When an incorrect e-mail address is in the contact information, automatic notifications will not be received. Also, in the event of a forgotten password, the e-mail address is required and must match the one listed in the contact information.

Update the profile at any time by:

1. From the Home page, select "Profile"
2. Update the form with current information
3. Select "Save"

7. Home Page

The Home page is the next page seen after logging into SAGE. From the Home page all types of documents can be accessed, such as Applications/Grants, Contracts, Final Reports, e-mail/messages, user information, etc.

SAGE features a number of tabs across the top of the screen that allow access to the Home page, Portal Home, Applications/Grants, Interim Reports, and Final Reports.

During the Application availability period “View Available Applications” appears on the Home page. When the Application availability period is over, this option is not visible.

Likewise, when there are no active tasks to perform, “My Tasks” does not appear on the Home page. There may be times when only “My Inbox” (e-mail/messages) appears on the Home page.

7.a. Searching for Documents

The Pre-Applications, Applications/Grants, Reports, Financial and Projects tabs allow for searching documents in the system. Search fields and functionality are the same for all five tabs. This example will search for an Application/Grant, but the steps are the same for all document types.

To view a list of Applications/Grants:

1. Select "Application/Grant"
2. "Search," and the list displays below

To view Applications/Grants by type, name, person, status, or by year:

1. Select "Application/Grant"
2. Fill in the necessary information
3. "Search"

From the list of Applications/Grants, select the one to view by selecting the name.

During the Application/Grant period, the “View Available Applications” option is only visible to Applicants and lists available Applications that Applicants can apply for and submit to NJSCA. To initiate an Application, select “View Applications” and then “Apply Now.”

Opportunities	
To apply for an item listed below, select the Apply Now button below each description.	
Abstinence Education Program 2014 for NJDOTX Test Org 1	
Offered By: New Jersey Department of Health	
Application Period: 01/01/2030-01/01/2033	
Application Due Date: 01/01/2033	
Description: STATUTORY AUTHORITY: Maternal and Child Health Block Grant	
TYPE OF AWARDS TO BE ISSUED: Cost- reimbursement Grants	
PURPOSE FOR WHICH THE GRANT PROGRAM FUNDS WILL BE USED: Support school and community partnerships to improve the health (physical, emotional, and social), safety and well-being of middle- and high-school students through the implementation of the Centers for Disease Control and Prevention's (CDC) eight component model of Coordinated School Health (CSH): www.cdc.gov/healthyyouth . The CDC model uses a school health team, a self-assessment process, and an action plan to identify gaps, develop needed programs and/or services to prevent, identify and treat health conditions or injuries.	

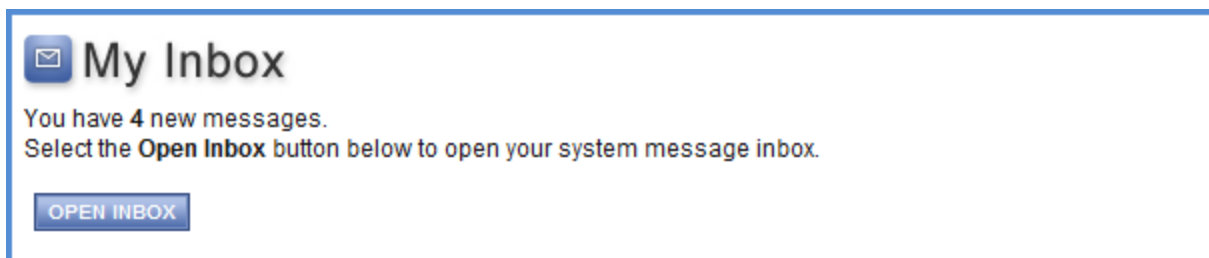

7.c. Accessing My Inbox (E-mail/Messages)

SAGE system e-mail/messages are sent periodically. E-mail appears both in SAGE at My Inbox and at the e-mail address listed in the SAGE contact information.

For example, an e-mail may be sent upon submission of an Application, an Application being returned for modification, an approaching deadline, a program change, etc. These messages keep users informed and serve as a reminder when certain tasks required action.

To receive timely messages it is important to maintain an active e-mail address in SAGE (See user guide section 5. Contact Information). An incorrect e-mail address (or an e-mail box that is full) will prevent users from receiving important SAGE-related messages.

My Inbox allows access to system e-mail/messages. To see contents, select “Open Inbox.”

7.c.1 Viewing E-mail/Messages

All new messages (unread), if any, are displayed.

The following can be done in the Inbox:

- Sort messages by Priority, Sender, Subject, or Date/Time
- Select “View All System Messages” to see all messages going back to when system access was received
- View a message’s priority status
- Select its subject link to view the message
- See date/time a message was sent
- Check box at left of message to “Mark Checked As Read” or “Mark Checked as Archived”

7.c.2 Searching for E-mail/Messages

To search for a message, select “View All System Messages.” From the “System Messages” page, enter a keyword and “Search.” A list of messages that match the search criteria will display.

The following can also be done from this menu:

- Sort search results by Priority, Sender, Subject, Date/Time, or Status

- View all messages going back to when system access was received
- View archived messages
- View a message's priority status
- See date/time a message was sent

CLOSE TASKS

When there are no active tasks, “My Tasks” is not visible on the Home page.

Note: To access all Applications/Grants that are assigned, see user guide section 7.a. Searching for Documents.

8. Application Initiation

During a Grant cycle's Application period, "View Available Applications" appears on the Home page. When the Application period is over, this option is not visible.

An Authorized Official and Agency Administrator are the only roles authorized to initiate and submit a Grant Application.

8.a. Initiating an Application

To initiate a Grant Application:

1. On the Home page, under View Available Opportunities, select "View Opportunities."
2. A list of available Grant Opportunities displays.

3. To apply for Applications, select "Apply Now."

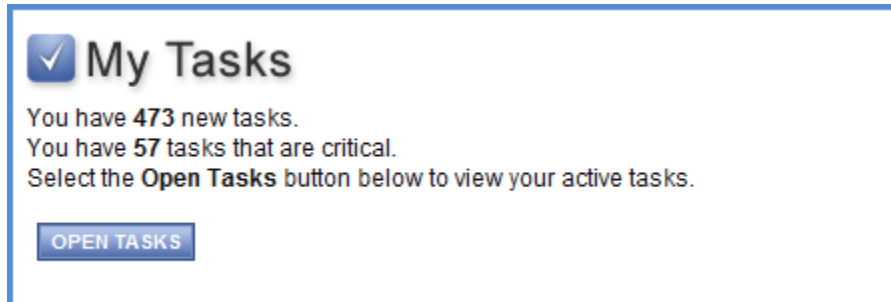

4. A page appears asking for confirmation, select "I Agree." An Application is created for the organization, and the Application/Grant menu is displayed.

A screenshot of a web form titled "Agreement". It contains the text "Please make a selection below to continue." followed by a red warning note: "Please note that in order to apply for funding under our grants program, you must read all sections of our Guidelines and Application, which can be found on our Website. They include important information a prospective applicant would need to consider before deciding to apply." Below this is a paragraph explaining that selecting "I Agree" creates an application document. Another paragraph mentions that if there are questions, the user should select "I Do Not Agree" and contact the office. At the bottom, it says "Thank you" and provides two buttons: "I AGREE" and "I DO NOT AGREE".

8.b. Returning to an Application in Process

Following initiation of an Application, a new task appears under the My Tasks section on the Home page.

When logging out of SAGE and returning later to continue working on an Application:

1. Go to top left of the screen, select Home
2. Under My Tasks, select "Open Tasks" to return to an Application initiated by the organization.

9. Application/Grant Menu

The Application/Grant menu is ordered into four sections to help keep tasks and information organized. The sections are described below.

9.a. Viewing, Editing, and Completing Forms

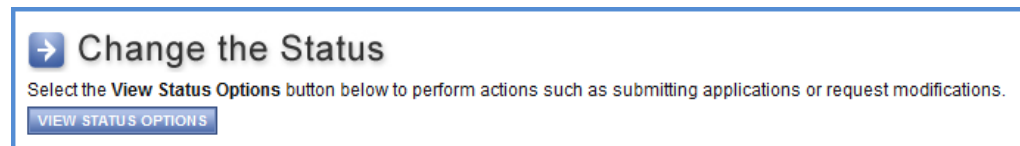

“View, Edit and Complete Forms” is where the vast majority of work is completed within the system. This section contains the forms necessary to complete before submitting an Application. To access a form, select “View Forms” and then select the name of the form to view, edit, and complete the form.

9.b. Changing the Status

“Change the Status” allows an Authorized Official or Agency Administrator to submit an Application, push Grant documents to the next status, or request amendments. Select “View Status Options” to see which possible statuses are available.

9.c. Accessing Management Tools

“Access Management Tools” allows Applicant users certain administrative responsibilities such as the ability to add/edit people to an Application (attach users to an Application) and view an Application’s status history. The tools available will differ depending on your security role.

“Create Full Print Version” creates a printable version of the document for reading and/or saving. “Create Full Blank Print Version” creates a form/template version.

NOTE: “Create Full Blank Print Version” may only function in NJSCA Programs from 2014 and beyond.

“Add/Edit People” is used to add people, change security levels, alter active dates, etc. See user guide section 10.a. Application/Grant User Management for more details.

9.e. Adding and Editing Notes

Notes may be used to communicate with Grantor staff and other Applicants. The “Add Note” or “Show notes” button is available on all forms and from the main document menu. To add a note, select “Add Note” or “Show Notes”.

Any existing notes will be shown at the top of the new window.

Each note has the following information: message name, author, date, and action.

By selecting the message name, the note expands showing the entire note's message.

By selecting edit under the action column, new content can be added to an existing note, or the note can be deleted by the original author.

To add a new note:

1. Select “Add a New Note”
2. Complete in the subject and message
3. Check the user(s) the note is intended for
4. Select “Save”
5. Select “Close Notes” to close the notes window

It is important to remember that notes are an informal method of communication. The author of a note has the ability to determine who can and cannot see the note. Any text entered into a note will not display on a PDF.

10. Application/Grant User Management

The Authorized Official and Agency Administrator are responsible for ensuring that appropriate users are assigned documents. Any organization staff in SAGE assigned as an Authorized Official or Agency Administrator will automatically be added to any Application/Grant document when it is initiated. Agency staff may assist the Authorized Official and Agency Administrator with completing required forms. User access can be assigned or removed throughout a Grant's lifecycle. Only an Authorized Official or Agency Administrator can submit an Application.

10.a. Assigning User Access to Application/Grant

To view SAGE documents, or to assist with completing forms, a user must be linked to the documents. To add a user to a document:

1. From the Application/Grant's main menu, under Access Management Tools, select the "View Management Tools" button and then "Add/Edit People."

Access Management Tools

Select the **View Management Tools** button below to perform actions such as adding people to this document or viewing the document history.

ADD/EDIT PEOPLE

Select the link above to perform actions such as adding people, changing a security role, or altering people's active dates on this document.

- a. Type the name, or part of the user's name (at least 3 characters), in the Person Search field, and "Search."
- b. Check the box in the column next to the desired person
- c. Select a role for the user, along with an appropriate Active Date
- d. "Save" to complete adding the user to the document

2. Repeat this process to add additional users, if necessary
3. Return to "Add/Edit People" to confirm that all users have been added correctly.

10.b. Removing User Access to Application/Grant

There are two ways to remove a user from an SAGE document.

1. From an Application/Grant's main menu, under Access Management Tools, "View Management Tools" and then "Add/Edit People." Edit "Active Dates" for the user. The user will not be able to access the document before a specified start-date (first field) or after a specified end-date (second field).

11. Forms Completion

On an Application/Grant's Form Menu the forms within an Application are shown. These are the forms that must be completed before submitting the Application. The following sections go through the information necessary to complete an Application.

11.a. Navigating Forms

After opening a form, there are two ways to navigate.

1. Use the links following "You are here:" To return to the forms menu, where another form can be selected to complete, select "Forms Menu."

11.b. Completing Forms

If all information necessary to complete the forms is not available at first, begin by filling in the fields for which information is available. Complete as much as possible and select “Save.” Fields with red asterisks are required.

Purpose of Funding: For publication purposes, state in 50 words or less (300 characters or less) what Council funding will help to support. This statement should illustrate both what will be made possible through the grant and its public benefit. Project applicants should describe the entire project. It will be used in press releases and other public inquiries. Begin it with “This NJSCA grant will help support....” See example in the guidelines.

11.c. Automatic Calculations

When possible, SAGE automatically calculates totals and other numbers. The Budget Summary page is a good example of this. When the page is saved, the system takes the values that were entered and displays them on the Budget Summary page. The system then calculates the numbers for the results. Remember to select "Save" in order to see the results of the form calculations.

11.d. Error Messages

When a form is saved and business rules have been violated, an error message displays across the top of the page. Errors do not need to be corrected immediately, however to successfully submit the Application, all errors must be fixed.

11.e. Uploading Attachments

All attachments submitted via SAGE must not contain confidential/sensitive data that is not required to support the Grants-management process. Before attachments are uploaded, sensitive information must be redacted. Examples of sensitive information include social security numbers (even if it is only the last 4 digits of an SSN), items such as bank account numbers (generally found at the bottom of a check), or credit card data.

When not enough space is available to capture the type of information that is required on a form, a file upload feature is available that allows a file to be attached. The following file types are allowed: bmp, doc, docx, gif, jpg, pdf, png, ppt, tif, txt, wpd, xls, xlsx. To locate and upload a file, select “Browse.”

Go to the folder that contains the file, select the file, and “Open.”

After the page reloads, select “Save”.

11.f. Printing (PDF)

On many pages a “Print Version” button is available that automatically creates a printable Portable Document Format (PDF) version. This dynamic PDF can be printed, or saved to a

computer. It is good practice to review the PDF files carefully for accuracy prior to submitting.

11.g. Copy and Paste Restrictions

Be cautious when using the copy and paste function of most word processing programs (e.g., MS Word) to transfer text into SAGE form fields or narrative text boxes.

SAGE does not recognize some characters and formatting, such as tables, graphs, photographs, bullets, and some tabs.

Also be aware of the different character limits of text boxes--attempting to copy and paste text that is longer than the allotted space returns an error message. The character limit is located at the bottom left of a text box.

12. Application Submission

The Authorized Official and Agency Administrator are the only ones authorized to submit an Application. When the Application is complete and no additional changes are required, the Authorized Official or Agency Administrator may submit.

**Once an Application is submitted, it becomes 'read-only'
and can no longer be changed!**

To submit an Application, the Authorized Official or Agency Administrator selects "View Status Options" under the Change the Status header on the Application's main menu. Possible status changes display. Select "Apply Status" under the appropriate status change. If errors exist on any of the Application's forms when attempting to submit, a message appears showing the form(s) that contain errors. All errors must be fixed before SAGE will accept the Application. When errors do not exist, the Authorized Official or Agency Administrator is prompted to confirm their decision to submit.

Select the **View Status Options** button below to perform actions such as submitting applications or request modifications.
